

## Safety Data Sheet – Step 2 Polish

### 1. Identification

**Product Name:** - Step 2 Polish

**Proper Shipping Name:** Not applicable

**Recommended Use:** Polish to be applied to a fibreglass, gelcoat or painted metal surface by use of a pad.

**Manufacturer:**

**Name:** HR TOUGHGUARD  
**Address:** 9430 SW Coral Street, Suite 202-B  
 Portland, OR 97223  
**Phone:** 800-456-4743

**Distributor:**

**Name:** Toughguard NZ Ltd  
**Address:** 173 Fifield Terrace  
 Christchurch 8023  
**Phone:** 0223143624

**Emergency Contact:**

**In New Zealand:**  
 Emergency Services  
 Fire, Ambulance, Police – Dial 111  
 New Zealand Poisons & Hazardous Chemicals National  
 Information Centre:  
 phone 0800 POISON – 0800 764 766

### 2. Hazard Identification

**Statement of Hazardous Nature:**

**New Zealand:** Not classified as hazardous according to the criteria in the Hazardous Substances (Minimum Degrees of Hazard) Regulations 2001.

**Hazard Classification:** None

**Hazard Statements:** None

**Precautionary Statements:**

Keep out of reach of children.  
 Read label before use.

### 3. Composition & Information on Ingredients

<u>Ingredient Group</u>	<u>% w/w</u>
Polishing compounds, kapolites and clay	9-16%
Siloxane polymers	5-10%
Aliphatic solvents	25-28%
Water	Up to 100%

<u>Group</u>	<u>Ingredient</u>	<u>CAS #</u>
Polishing compounds, kapolites and clay	Aluminium, tetrahydrosilane, hydrate	1302-76-7
	Bentonite	1302-78-9
Siloxane polymers	Amino-alkyl dimethyl siloxane	71750-80-6
	Amino-alkoxy dimethyl polysiloxane	69430-37-1
Aliphatic solvents	Amides, tall-oil fatty, n, n-bis (hydroxyethyl)	68155-20-4
	Solvent naphtha (petroleum) medium aliphatic	64742-88-7

### 4. First Aid Measures

New Zealand Poisons & Hazardous Chemicals National  
 Information Centre  
 phone 0800 POISON – 0800 764 766

**Inhalation** – No symptoms noted.

**Skin** – Wash contaminated skin with plenty of soap and water. If skin irritation occurs get medical advice/attention.

**Eyes** – Wash with water. Remove contact lenses if present and easy to do. Continue rinsing. Seek medical assistance if eye irritation persists.

**Ingestion** – Rinse mouth with water. Seek medical assistance, or contact poisons information centre if you feel unwell.

**Advice to doctor:** Treat symptomatically.

If medical attention is required, have product label or container on hand.

### 5. Fire Fighting Measures

**Flammability:** Not flammable

**Extinguishing media:** Use extinguishing media appropriate to surroundings.

**Auto-ignition temperature:** Not available

**Combustion products:** Carbon monoxide may be evolved.

**Flash point:** >62°C

**Flammability limits:** Not available

---

## 6. Accidental Release Measures

Do not allow to enter drains, groundwater or waterways.

If spill occurs, mop up and rinse with water.

---

## 7. Handling & Storage

### Safe Handling

Read product label before use.

Wash hands thoroughly after using.

### Storage

Store in a cool, dry place out of direct sunlight.

Keep out of reach of children.

Avoid excessive heat.

Avoid freezing.

---

## 8. Exposure Controls & Personal Protection

### Exposure Standards

#### **Workplace Exposure Standards (WES):**

WorkSafe New Zealand (Feb 2013). No WES applied to products or ingredients.

### Engineering Controls

None required.

### PPE

**Eyes/Face:** Splash resistant Safety Glasses with side shields, safety goggles (AS/NZS 1337), or a face-shield may be worn if desired.

**Skin:** Rubber gloves may be worn if desired.

**Respiratory protection:** Not required.

---

## 9. Physical & Chemical Properties

**Appearance:** White cream paste

**Odour:** Solvent odour

**Vapour pressure:** Not available

**Vapour density:** Not available

**Boiling point:** >100°C

**Freezing point:** Not available

**Solubility (water):** Soluble

**Specific gravity:** 1 (H<sub>2</sub>O=1)

**Flash point:** Not available

**Flammability limits:** Not available

**Auto-ignition temperature:** Not available

**Evaporation rate:** <1

---

## 10. Stability & Reactivity

**Stability:** Stable

**Conditions to avoid:** None

**Hazardous decomposition products:** Not available

**Incompatibility / Materials to avoid:** Not available

---

## 11. Toxicological Information

### Health Effects / Symptoms of exposure for product mixture

**Ingestion:** Possible stomach cramps.

**Eyes:** Possible eye irritation.

**Skin:** Possible skin irritation.

**Inhalation:** No specific symptoms noted.

---

## 12. Ecological Information

Do not allow product to enter waterways.

**Environmental Exposure Limit (EEL):** None set

**Biodegradability:** Not available

**Persistence in environment:** Not available

**Mobility:** Not available

---

### 13. Disposal Considerations

Avoid release to the environment.

Waste should be disposed of by a hazardous waste contractor following the regulations of local authorities.

---

### 14. Transport Information

Not classified as a Dangerous Good according to NZS 5433:2007

Not classified as Dangerous Goods by the criteria of the International Maritime Dangerous Goods Code (IMDG Code) for transport by sea.

Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air.

**Proper Shipping Name:** Not applicable

**Packing Group:** Not available

**UN Number:** Not available

**EPG:** Not available

**DG Class:** Not available

**Marine Pollutant:** Not available

**Subsidiary Risk:** Not available

---

### 15. Regulatory Information

#### New Zealand

All components listed in the NZIoC.

HSNO Classifications: None

---

### 16. Other Information

#### Abbreviations / Terminology:

% w/w	percentage – weight for weight
CAS#	Chemical Abstract Service number (a unique identifier for chemicals)
CCID	Chemical Classification and Information Database
EEL	Environmental Exposure Limit
HSNO	(New Zealand) Hazardous Substances and New Organisms Act
NZIoC	New Zealand Inventory of Chemicals
WES	Workplace Exposure Standard

**Current Version:** 23 May 2016

#### Revision Information:

Current revision: Updated and reformatted with HSNO information to be New Zealand compliant.

SDS may be revised from time to time, please ensure you have a current copy.

This SDS has been prepared with reference to the HSNO Approved Code of Practice for the Preparation of Safety Data Sheets (HSNO CoP 8-1, NZCIC, September 2006).

#### Disclaimer:

This safety data sheet attempts to describe as accurately as possible the potential exposures associated with normal use of the product described herein. Health and safety precautions in the data sheet may not be adequate for all individuals and/or situations. Users have the responsibility to evaluate and use this product safely and to comply with all applicable laws and regulations.

Whilst the information contained in this document is based on data, which, to the best of our knowledge, was accurate and reliable at the time of preparation, no warranty or responsibility can be accepted by Chemsafety Ltd for errors and omissions. The provision of this information should not be construed as a recommendation to use any of our products in violation of any patent rights or in breach of any statute or regulation. Users are advised to make their own determination as to the suitability of this information in relation to their particular purposes and specific circumstances. Since the information contained in this document may be applied under conditions beyond our control, no responsibility can be accepted by us for any loss or damage caused by any person acting or refraining from action as a result of this information.
